EXPERIENCE

VOLUME STUDIOS

Industrial Designer

Chicago | IL | July 2017 - Present

I provide design work for clients within a wide range of industries. Client projects range from consumer electronics, housewares, toys, and other fields. I am responsible for generating concepts, presentation ready sketches and illustrations, and providing CAD models that are ready for prototyping.

FISHER-PRICE

Product Design Intern

East Aurora | NY | January 2016 - May 2016

I contributed to the Little People and Imaginext teams. In addition to sketching and concept generation, I worked with engineers to design and prototype concepts to meet stringent cost and safety requirements. I also provided presentation-level hand-drawn renderings that were used to communicate ideas across different departments and to vendors.

LEN NICHOLAS DESIGN

Freelance Industrial Designer

Syracuse | NY | May 2015 - January 2016

I worked with clients in the toy and entertainment industries to develop concepts for new products and animated TV shows.

MARRIOTT

Draftsman

Wolfeboro | NH | August 2015

I created hand-drawn scale renderings to present to contractors for new architectural developments.
